dollars. But there's a specific number that actually changes everything about your life ... What separates families that stay rich for generations from those who lose everything in thirty years? It's the math of compounding. What does life at every level of wealth look like? Half a million dollars sounds like a lot but who actually reaches a \$500,000 net worth? Your first \$50,000 takes years. Your second \$50,000? Half that time. Here's the math behind why Elon Musk became the world's first trillionaire on June 12th when SpaceX went public at \$1.77 trillion valuation. His net worth doubled in 10 years. Ever wonder why someone earning \$50,000 a year can turn one practice into a \$220M company with ~70 locations and basically 12X in 10 years? It wasn't luck ...
